
System requirements

You must use a computer that has:

- Microsoft Windows 10 or Mac OS X 10.10.
- Available browser updates applied for improved security that provide anti-virus and spyware protection.
- An internet connection with a minimum of 1 Mbps download speed.

Note: Satellite connections often have difficulty supporting encrypted, Hypertext Transfer Protocol Secure (HTTPS) applications. Since Digital banking online is HTTPS- encrypted for the safety of your financial information, some satellite cable connections may exhibit slow responses.

Browser requirements

Browser support is subject to change without notice, so we encourage end users to configure browsers for automatic updates. Use the latest version of your browser for the most secure experience in digital banking.

Note: Compatibility mode and document mode settings in browsers are not supported by UUX. If configured, an Unsupported Browser page appears if a user attempts to login through a browser with one of these modes set.

Digital banking sends advance notice to end users accessing online banking through a browser for which support has been scheduled to end.

Any browsers not listed in the following table should be considered unsupported by digital banking.

Browser	Windows	macOS
Google Chrome (Current and previous two major versions)	Recommended	Recommended
Mozilla Firefox (Current and previous two major versions)	Supported	Supported
Microsoft Edge (Current and previous two major version)	Supported	Unsupported
Apple Safari (Current and previous two versions)	Unsupported	Supported

Biometrics requirements

End users can use Fingerprint Login, Touch ID, or Face ID to log into the digital banking app.

The Fingerprint Login feature is based on the fingerprint API introduced with Android 6.0 (Marshmallow). Some Samsung and Nexus phones do not support Android's API, even though they include the hardware on the phone. These devices are not supported by Digital banking's Fingerprint Login feature.

Fingerprint Login is a free feature currently only available for login authentication on eligible Android devices. To use this feature, you must meet the following operating system, hardware, and release requirements:

- Samsung Galaxy S7 or later
- Google Nexus 7 or later
- Google Pixel first generation or later
- End-user registration with Fingerprint at the device level

Touch ID and Face ID are only available for login authentication on supported Apple iOS devices and requires end - user registration of the feature at the device level.

Kohler Credit Union digital banking app requirements

This section describes the operating systems, connection types, and camera resolutions that are compatible with the digital banking apps. End users can download the app from the Apple Store (for iOS devices) or Google Play (for Android devices).
